

I am concerned that I may not be able to listen to KLOVE if it were to be displaced by an LPFM broadcaster. This radio station is the only commercial-free radio station that plays the type of Family-friendly Christian music that I would like my children to listen to. This service is in the interest of the public because it enriches the lives of those who listen, and sends a message of love that our children need to hear. It was an intricate part of my coming to Christ, and although that may not mean much to those who do not believe, you cannot deny that it is a good focus for our children. I am also aware that KLOVE has provided a service to those contemplating suicide since they offer a phone number for people to call to speak w/a pastor. I know of no other commercial station that offers this service.

It would be a great loss both to me and also to those who are confused or in danger, as well as to our children (who are most important) if we were to no longer have KLOVE to listen to in our area.
